this workbook is intended to fulfill two functions the first is a selective re interpretation of those aspects of harmony that in the author's experience often need to be emphasized and repeated the second lies in the body of written and keyboard exercises which it is hoped will challenge the student's ingenuity and sharpen his awareness the workbook is intended as a corollary to Walter Piston's *Harmony* although the two books move in a parallel manner they differ in two ways Paul Des Marais feels that the student can benefit by being involved in keyboard sequences before he studies the diminished seventh chord and the more advanced forms of the dominant harmony the second difference involves the diminished seventh chord in chapter sixteen of the workbook it is treated in both its dominant and nondominant capacities summation of this chord is necessary at some point in the study of harmony particularly since this chord in nineteenth century music often shifts from a dominant to a non dominant interpretation preface
